

"REVELRIES IN FOREST"

TO BE GIVEN AT Y. W. C. A.

Pageant To-Morrow Night Closes Series of Celebrations of Semicentennial.

MANY GIRLS TO TAKE PART
Setting Has Been Designed and Actors Trained by Misses Berthold and McKay, Physical Directors, Gymnasium Tropical Forest.

The "golden jubilee" which the Young Women's Christian Association has been celebrating for the past month in honor of the fiftieth anniversary of its founding in America, will reach its climax in the lovely and fanciful pageant, entitled "Revelries in the Forest," to be given by the gymnasium department to-morrow night at 8:15 o'clock.

The affair will be by far the most pretentious ever given by the local association, and details of music, costumes, lighting effects and scenery have been carefully worked out. The entire gymnasium will be transformed into a tropical forest scene by means of palms, hanging vines and garlands of flowers. Several of Richmond's best known musicians will have part in the program. Miss Sara De Hart will be at the piano, Mrs. C. T. Bringle and Miss Amorette Allen will sing the "Barcarolle" from "Tales of Hoffman" and an orchestra of six pieces will play for the grand finale.

A deliciously fantastic little plot will be developed by means of dances, pantomime and drills. The "argument" of the story relates the records of the Brownies and Nymphs and the attempted slaughter of the former while at their play by a ferocious band of thieves. The story further relates the thrilling rescue of the Brownies by their friends, the Girl Scouts, and the coming of the true messenger, who puts an end to the terrible fight and harmony is established. Peace and harmony in the forest. Features of the performance will be the dance of the Hawaiians, dance of the Brownies, reveals of the Nymphs, shadow dance, advance of the thieves, drill by Girl Scouts and flag drill by sixteen little girls.

PHYSICAL DIRECTORS

HAVE TRAINED THE CAST
Credit for the performance must be given to Misses Beatrice Berthold and Cecile McKay, physical directors of the association, for not only have they trained the cast of eighty-five girls, but they have originated the plot, planned all the scenery and costumes, arranged all the dances and fitted all the music into the play. The entire cast is as follows:

Hawaiian Girls—Misses Verna Whipple, Mary Berkeley, Warfield Crenshaw, Grace Neale, Lorena Mason, Lara Atkinson, Archie Berkeley and Ruth Wilson.

Brownies—"King" Miss Nora Patterson, Misses Crenshaw, Margaret Fourqurean, Lucille Ruff, Florence Taylor, Mary Austin Mann, Margaret Keen, Pauline Daffron, Elizabeth Hundley, Ann Hundley, Margaret Kesslich, Patterson, Dorothy Wetzel, Elizabeth Butler, Alice Landon.

Nymphs—Misses Fanny Crenshaw, the Clendon, Louise Mills, Columbia Hagrove, Lillian Harding, Mrs. Brent, Misses Bertha Levy, Oakie Chandler, May Hunter, Elizabeth Paulman, Madeline Williams, May Mills, Elizabeth Cecil, Elizabeth Fourqurean, Mrs. N. W. Hubard.

Girl Scouts—Misses Beryl Hundley, Catherine Cary, Catherine Cross, Bertha Atkinson, Mary Craig, Lillian Walsh, Ann Fletcher, Mary Quisenberry, Sara Berkeley, Blanche Currie, Lynette Baker, Elizabeth Cary, Eliza Ednette, Frances McFadden, Lucille Hecker, Elizabeth Wall.

Thieves—Misses Elizabeth Miller, Margaret McNeal, Nellie Chester, Agnes Chester, Emma Day, Lottie Gill, Melena Schaff, Ida Dunford, Isbell Dunford.

Flag Girls—Misses Anne Brockenbrough, Helen Coffey, Jean Craig, Elizabeth Felthaus, Virginia Donnan, Caroline Lewis, Martha Williams, Dorothy Rike, Frances Rike, Elizabeth Robertson, Avis Young, Elizabeth White, Catherine Lynch, Josephine Weiland, Mary Williams, Ernestine Grant, Miss Ann Patterson, trice bearer.

FRANCE MAKES APPEAL FOR HER CONSUMPTIVES

Between 50,000 and 60,000 Cases Develop, and Cure Is Possible If Aid Is Promptly Given.
A special appeal has been received at the headquarters of the War Relief Association of Virginia in this city from the American Relief Clearing House of Paris asking contributions for the treatment of soldiers who have developed consumption while in the trenches.

"One of the results of the war," says the appeal, "which we are beginning to notice with growing concern is the number of consumptives which have developed. The number of these men perhaps reaches at the present moment between 50,000 and 60,000, whose condition is such that they may be cured provided immediate aid is given them, but who will become hopelessly infected if the disease is allowed to progress much further. It is not only the distress of their own personal situation that causes this concern, but it is the fact that another generation depends to a very large extent on their health. At a very low cost per individual the disease may not only be cured, but may be cured altogether. The cost will not exceed 4 francs per day for the first month."
This appeal is given publicity with the hope that there may be a generous response on the part of Richmond people, who already have done so much in war-relief work.

The out-of-town branches of the War Relief Association continue their active work, and several shipments are received each week from these organizations. During the past week generous donations of clothing, medical supplies and other articles were received from the branches at Williamsburg and Farmville and from individuals in Petersburg, Ashland and Wyandotte. All the local committees are hard at work, and the assembling and shipping of supplies from the headquarters rooms each week keeps several committees of men and women busily engaged.

"The European War in the Light of Prophecy," by Dr. J. H. Johnson, Professor Paul S. L. Johnson. Free to all.

Hawaiian Dancers at Y. W. C. A. Pageant

Richmond girls who will take part in the pageant to be given in the Y. W. C. A. Gymnasium to-morrow night. Those in the picture are Misses Verna Whipple, Grace Neale, Archie Berkeley, Ruth Wilson, Lorena Mason, Warfield Crenshaw and Lara Atkinson.

COMPULSORY EDUCATION IS FAVORED BY TEACHERS

Education of Sixth and Ninth Districts Under Consideration of Pending Bill.

[Special to The Times-Dispatch.]
EAST RADFORD, VA., March 4.—The educational conference of the Sixth and Ninth Congressional districts came to a close this afternoon with 250 teachers, principals and superintendents left for their homes throughout Southwest Virginia. All were much pleased with their entertainment and with the work done. It was decided to hold the next conference in Radford, and to invite several members of the Tenth District to join this conference.

The high school round table today brought out a discussion in which about two principals joined. The main issue was that of a supervised study. The educators decided to look upon this rather than a study class. It was agreed that the pupil must do his own study and not become a dependent.

The status of the teachers' pension was discussed. A commission was favored by many upon applicants to the end that those who are entitled to a pension shall get, and not those who frequently now receive without deserving it.

James Digges, of Lynchburg, spoke on an effective State-wide compulsory education law, and his address was followed by a collection to defray the cost of twenty-six telegrams to members of the Legislature from this territory, urging them to vote for the bill now before them.

Dr. Morehead, of Roanoke College, spoke on "Credit for Bible Study in the High School." The necessity of religious training to back moral training, universally recognized, was touched upon as was the difficulty of introducing such training under the system of State and church-controlled education. Plans had been worked out, and the doctor told of the plan and of the methods tried in North Carolina and New York, and called attention to the fact that the Radford Normal and Radford public schools now have a system satisfactory to all denominations, making Radford the pioneer in this work in Virginia.

PRINCIPALS ELECT

The principals of the Richmond public schools celebrated their customary annual banquet with other prominent school officials Friday night at Murphy's Hotel.

Notwithstanding the unusually inclement weather, the attendance was large. Interesting talks were given by W. M. Adams, president of the Richmond Principals' Club; Dr. J. A. C. Chandler, superintendent of Richmond Public Schools; A. H. Hill, first assistant; and Mr. J. H. Hoke, second assistant. E. E. Smith, third assistant and principal Hambridge Junior High School; C. P. Walford, clerk and supervisor; and R. H. Childrey, of the Richmond City School Board.

The Richmond city school principals always meet at Murphy's Hotel on the first Friday in each month for the purpose of exchanging ideas and in other ways contributing to the good of the profession. Once every year this body is reorganized to meet with the board and with the superintendent and assistants.

Among those present were the following: S. A. Steger, Ernest Shawan, L. C. Morrow, Edgar Woodfolk, D. H. Rucker, H. E. Cox, J. L. Hoxley, J. T. Walker, G. E. Bennett, W. R. T. Morris, D. C. Boyer, J. P. Pentecost, M. E. Thomas.

Bishop Brown to French.
Bishop William Caldwell Brown, Bishop Coadjutor of Virginia, will preach and confirm a class at Christ Episcopal Church to-morrow.

KILLED BY NEIGHBOR WITH BLOW ON HEAD

Damon Hodnett, Pittsylvania Farmer, Dies After Sustaining Fracture of Skull.

[Special to The Times-Dispatch.]
LYNCHBURG, VA., March 4.—Damon Hodnett, agent twenty-five years, a farmer living near Whitties, Pittsylvania County, died at the office of Dr. Hodnett, on Church Street, this morning shortly after 1 o'clock. After having been unconscious for about fifteen hours, this morning he sustained a severe fracture of the skull, the result of which was that he came to his death by a blow over the head inflicted by a person or persons to the jury unknown.

From a statement made by J. W. Hodnett, a brother of the dead man, it seems that young Hodnett and a neighbor, from whom Mr. Hodnett some time ago bought a farm, met yesterday morning to arrange a matter of business between them relative to the sale of a lot of fence posts and lumber. During the conversation the men began arguing over an old barn on the farm bought by Mr. Hodnett, and during the course of the argument, according to a statement made by the injured man before he lapsed into unconsciousness, he called the other a "damn fool" and the man picked up a piece of board about six inches wide and probably two feet long and struck Hodnett a blow over the head. The blow felled Hodnett and later he returned home to his brother's farm, where he was taken to the hospital at Lynchburg.

Mr. Hodnett was a son of the late J. S. Hodnett and he is survived by his wife and two small children, the youngest of these being two weeks old. His surviving brothers and sisters are J. W. Hodnett, of Whitties; Mrs. W. A. Young, of Danville; Mrs. J. D. Paschal, of Dumfries; and Lachlan Hodnett, of Danville. The body was taken this afternoon to Whitties, and the funeral will be held on Sunday.

HUNGARIAN IS KILLED BY NEGRO HIGHWAYMAN

[Special to The Times-Dispatch.]
PEACHONTAS, VA., March 4.—Two Hungarians, who left here to-night to walk to Bluestone Junction, were held up by a highwayman at the tunnel and robbed. One of them, Andrew Shook, was shot and killed. His body was brought to Peachontas by a passing train crew. The highwayman, who was said to be negroes, made their escape.

Goldmann—Eley.

[Special to The Times-Dispatch.]
FREDERICKSBURG, VA., March 4.—Frank R. Goldmann and Miss Eley Eley, both of this city, were married here today at the home of Rev. Decatur Edwards, who performed the ceremony.

TWO MEN HELD FOR TRIAL FOR SELLING MORPHINE

Dr. W. E. Wine and Frank Scheff Must Face Serious Charge in Federal District Court.

BOTH ARE SENT TO JAIL.

Locked Up in Default of \$1,000 Bail Each—Given Hearing Before Commissioner Bartlett in Petersburg. They Are Brought to Richmond.

[Special to The Times-Dispatch.]

PETERSBURG, VA., March 4.—United States Commissioner Bartlett Roper today sent on for trial in the United States District Court Dr. W. E. Wine and Frank Scheff, to answer charge of violating the Federal drug law by having in their possession and dispensing morphine. It was in evidence that Scheff had in his possession two bottles of the drug alleged to have been received from Dr. Wine, and that Dr. Wine had, on February 12, dispensed a quantity of morphine pills. The commissioner fixed the bond of each of the accused men at \$1,000 for their appearance for trial, and they were committed to jail in default. Dr. Wine is from Shenandoah Valley, and has an office in Bank Street, where he keeps a medicine cabinet. In connection with this case, A. J. Orr, W. C. Reid and W. P. Thomas were also arrested, but they were discharged by Commissioner Roper. Wine and Scheff were subsequently taken to Richmond.

Makes Announcement To-Night.

Rev. Richard Wilkinson, D. D., will this evening announce to his congregation the close of his pastorate of Washington Street Methodist Episcopal church, and his acceptance of the Methodist commission. Dr. Wilkinson has not announced to his most intimate friends what communion he intends to join. This public will first learn at the close of his sermon to-night. Dr. Wilkinson has received many letters from leading members of the Methodist Church in this and other States expressing regret at his intention to leave the church and the loss the church will sustain by his going. Dr. Wilkinson, who came to Virginia on transfer in 1914, was assigned to Washington Street Church. He is a man of great ability and forceful personality.

Sudden Death of Prince Georgian.

J. B. Reigner, aged about sixty years, died very suddenly here today. He had been complaining of feeling ill for several days, and this morning came to the city to consult a physician. He was given a prescription, which he took to a store to be put up. While waiting for the medicine he was taken suddenly ill, and died in the store. Death resulted from natural causes.

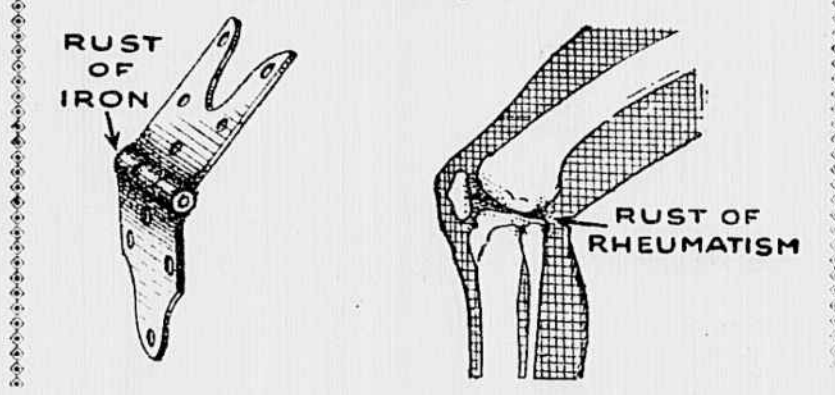

GIVES OF HIS BLOOD TO SAVE BROTHER'S LIFE

W. S. Drewry, of This City, Undergoes Transfusion Operation—Little Hope for Patient's Recovery.

RALPHIGH, N. C., March 4.—Desperately ill following an enfeebled condition of more than a year's standing, John C. Drewry, for many years grand secretary of the North Carolina Grand Lodge of Masons, and a widely known business man, underwent an operation for transfusion of blood this morning, the sacrifice of blood being made by his brother, W. S. Drewry, of Richmond. Mr. Drewry has been falling rapidly for several weeks, and there is little hope for recovery.

DRINK HOT WATER AND RID JOINTS OF RHEUMATIC RUST

Why rheumatism and lumbago sufferers should drink phosphated hot water each morning before breakfast

Just as coal, when it burns, leaves behind a certain amount of incalculable material in the form of ashes, so the food and drink taken day after day leaves in the alimentary canal a certain amount of indigestible material, which if not completely eliminated each day, becomes food for the millions of bacteria which infest the bowels. From this mass of left-over waste material, toxins and poisonous poisons, called uric acids, are formed and then sucked into the blood where it continues to circulate, collecting grain by grain in the joints of the body much like rust collects on the hinge as shown above.

Men and women who suffer from lumbago, rheumatism or sore, stiff, aching joints should begin drinking phosphated hot water, not as a means to magic relief from pain, but to prevent more uric acid forming in the system. Before eating breakfast each morning, drink a glass of phosphated hot water with a teaspoonful of phosphate in it. This will first neutralize and then wash out of the stomach, liver, kidneys and bowels the previous day's accumulation of toxins and poisons; thus, cleansing, sweetening and freshening the entire alimentary canal, each morning, before putting more food into the stomach.

A quarter pound of limestone phosphate costs very little at the drug store, but is sufficient to make any rheumatic or lumbago sufferer an enthusiast on the morning inside bath.

Millions of people keep their joints free from these rheumatic acids by practicing this daily internal sanitation. A glass of hot water with a teaspoonful of limestone phosphate, drunk before breakfast, is wonderfully invigorating; besides, it is an excellent health measure because it cleanses the alimentary organs of all the waste, gases and sour fermentations, making one look and feel clean, sweet and fresh all day.

Those who try this for one week will find themselves free from sick headaches, constipation, bilious attacks, sallowiness, nasty breath and stomach acidity.

and the coroner deemed an inquest unnecessary.

A Satisfactory Test.

A test fire alarm was turned in last night shortly after 11 o'clock from box No. 26, old and Sycamore Streets, and the response proved very satisfactory. The Bank Street company reached the scene of the alarm in one minute, and the South Street company in two minutes. A general alarm was then turned in, and the Bank Street company reached the scene in a fraction of three minutes. The fire commissioners were present to record the time.

Further Petersburg Dead.

Edmund Woodward, formerly of this city, connected with the Southern Express Company, died in Knoxville, Tenn., on February 21, following an operation for appendicitis. He is survived by his wife and two children.

News Notes of Interest.

George B. Halladay has been elected janitor of the high school to succeed R. H. Eames, who has held that position for many years.

Willard Mayton, residing in the western part of the city, while getting out a street car on Thursday night was struck by a passing automobile and received injuries from which he is confined at home.

Board Is Reorganized.

PETERSBURG, VA., March 4.—The Gallop Board of Trade, which had become inactive, had been reorganized with an active membership of thirty-two. A campaign has been inaugurated to increase the membership, an effort being made to stimulate interest among the community in the work of developing the community. The officers elected are: S. Floyd Landreth, president; J. C. Case, vice-president; H. Prince Burnett, corresponding secretary; J. C. Matthews, treasurer; R. D. Deamer, secretary.

Physician Suffers Fall.

LYNCHBURG, VA., March 4.—Dr. J. W. Walters, a local physician, sustained a dislocated shoulder here last night as the result of a fall on a level sidewalk.

WISHES TO THANK THE MAN WHO IS THE CAUSE OF HIS GOOD HEALTH

Suffered for Many Years, But Finds Quick Relief by Use of Tanlac.

Although He Is Old in Age, He Is Young in Spirit.

It is the spirit in a man that tells his age. A person is as old as they feel, but sickness saps vitality, and brings on old age. Such was the case with Mr. R. S. Chappell, who lives at 119 East Main Street. Although he is sixty-nine years of age, he recently said that he would enjoy a good old time dance again. And this after having, only recently, gotten over a serious illness. He said a few days ago to the Tanlac representative:

"I have suffered from rheumatism for twelve or fifteen years. I had severe pains over my entire body, especially in my lower limbs. At times my legs were drawn and the condition was so even to the touch. I was a shadow of my former self, and life was a burden. One day I read in a paper of Tanlac, and I cannot thank him too much for the relief he has been to me. My rheumatic pains are gone. In fact, I am free of all pain, feel young and am grateful to him. It was my good fortune to find relief in Tanlac after so many years of suffering."

"It has worked wonders for me. Although I am sixty-nine years old, I feel young and well. I feel fully recomended Tanlac to any and all who need an exceptional medicine."

Tanlac has been proven to be the most effective for stomach, kidney and liver troubles in all parts of the country. Rheumatism is one of the diseases that come from a poor condition of the blood, which in turn is caused by indigestion, faulty assimilation of food, or other stomach trouble that poisons the blood.

There is no need for you to suffer any more. Go today to one of the Police Millers, or to the State of the Police of Tanlac, and you will receive it as thousands of others have done. A Tanlac representative is always in attendance at the Broad and Third Street store, where the will gladly explain Tanlac to all. Advertisement.

RUNS LARGE FARM IN HENRICO COUNTY

Lady Makes Success of Agriculture Near Laurel Post Office.

Of the few women in this State who have made a success out of farming is Miss Lena Portwig, who, with her husband, Superintendents and successfully manages a large farm near Laurel, in Henrico County. Miss Portwig is a shrewd business woman, to which fact may be attributed her success as an agriculturist.

"It was about a year ago that I commenced to have trouble with my eyes," said Miss Portwig. "Up to that time I had perfect eyesight. Suddenly, however, my eyes commenced to smart and pain. The pain was so severe that I was like toothache, becoming worse at times. My eyes felt strained and tired whenever I attempted to sew or read, and this made me very nervous, causing me to feel pretty bad. I then consulted a doctor, but he could not tell me what was the matter, at least they did me no good."

"I learned of Charles Lincoln Smith through some people who knew him, and who told me of the efficacy of his method and prescription glasses. They told me that if anybody could cure my trouble and relieve my sufferings it was this man. I came to him on the 15th of November, 1915. The results in this short time qualify me to endorse everything my friends said about him."

Within two weeks after he used his method and prescription glasses on the sickening headaches and disappeared entirely. My vision became as clear as day, and I felt like an entirely different person. My success in my case was truly remarkable. You can imagine how glad I am that I took the advice of my friends and came to him."

CHARLES LINCOLN SMITH, Refractionist.

If you have blurring, dizziness, neuralgia, headache, spots before the eyes, winking, trembling, spells, catarrh, tearing and smarting of the eyes, nervous nervous and brain affections, entailing not only positive injury to the sight, but untold misery, call immediately.
